**Public Comment**

No public comments offered.

**Veteran’s Service Quarterly 2012 Update**

Rick Gates provided a summary of the 2012 first quarter report for Veteran’s Service. Mr. Gates stated his budget is right on track. Mr. Gates reported the federal portion of the benefits was at $557,000. Mr. Gates reported the state portion of the benefits was $10,000. Mr. Gates also reported that any Wisconsin Vet that is considered 70% disabled is qualified to get a Wisconsin Park Pass free of charge.

Mr. Gates also reported on the 2011 Annual Report for Veteran’s Service. Mr. Gates explained it is the same format that he has used for about 8 years. Mr. Gates informed the board that all State tax dollars are returned to the vets. If anyone has any questions or concerns, please stop by to see Mr. Gates.

Mr. Gates also briefly spoke on the upcoming budget for next year. Mr. Gates stated he will be asking for an increase in the ground keeping charges for all of Polk County’s 23 Cemeteries that care for vets resting places. We are currently paying $3 for each vent, and $2 four each spouse which totaled under $1,000 last year. The increase would be up to $5 for each vet, and $3 for each spouse.
Mr. Gates announced that weekly he is on radio station alternating between WXCE and WPCA regarding the Veterans Service. Mr. Gates will be working on his strategic planning in the upcoming months, which will be consistent with his usual mission. Mr. Gates will get ready and is planning on presenting to the board for approval in near future.

**County Finance Quarterly Report**

Pat Kirkwood handed out the quarterly County Finance report. Ms. Kirkwood explained that she may use another report that is more broke down. Gene Phillips stated the new report would be more of a projection report. Discussion ensued, and it was decided that the County report is easy to read and the board would like to keep receiving it. It was decided that the board would like to get more of a breakdown in a more detailed report also.

**Human Services Reports**

Human Services monthly statistics were handed out to those who didn’t receive them and briefly discussed.

Diana Petersen from the Great Rivers Income Maintenance Consortium did a presentation on the Food Share Program. Mrs. Petersen went over the process of applying and receiving benefits. Clients can apply by phone, internet, or face to face with a worker. All clients require an interview either by phone or face to face before receiving benefits. Consortium workers are currently scheduled out one week. The Food Share program is based on an income limit, but does not have an asset limit. Mrs. Petersen then went over 3 different scenarios of clients receiving benefits and showed how income and household size affects their benefit level. There are currently 2,494 active cases for the Food Share program in Polk County.

Mrs. Petersen stated that the state mandates fraud investigations. Human Services has contracted with Columbia County to handle our fraud investigation, which includes collecting the monies owed back from fraudulent clients. Mrs. Petersen stated if there is a non-client error in the case, it is investigated one year back from that date. If it is a client error, it is investigated back as far as 10 years, and the client is liable to pay any fraudulent portion back to the state. Fraud can be reported by tips or calls by anyone. The staff notices some of this fraud within the programs by catching address changes, wage changes, etc.

Mrs. Petersen stated that there are 10 total staff in her unit. They have two different subdivisions of the unit. They are Elderly/Blind/Disabled and also a Family Unit.

Gene Phillips handed out a statistical and graph report on the Food Share Program. Discussed ensued over this information on a per case basis. There is an increase in benefits annually, but it is not increasing at as high of rate as it has in prior years. Mr. Phillips summarized the presentation and how it will affect the budget in the future.
Committee Observations

It was discussed about the possibility of emailing the Human Services Board Agenda and handouts to save the postage costs. We would still have to send some by U. S. Mail for those who do not have access to email. Gene Phillips stated he would check to be sure there are not any issues with this, otherwise we will start that process next month.

Tim Strohbusch stated that the Child Protection Services Unit needs to be looked at. Mr. Strohbusch reviewed the statistic report which showed 91 investigations needed last month alone. Mr. Strohbusch stated the board needs to make this a big priority and be sure that CPS is fully staffed. Mr Strohbusch said there is a lot of turnover with staff to whom we have invested a lot of training into. Gene Phillips said that the trend of burnout/turnover with CPS staff is everywhere, even at the state and federal level. Kay Confer gave the information that we now have 2.5 investigators, and Mr Strohbusch said he would like to see 4 full time staff for those positions. George Stroebel stated this may go against our budget, and that we may need to look at other options. This topic will be on next months agenda for discussion.

Adjourn

Motion to adjourn the meeting at 10:45 a.m. was made by Marvin Caspersen and seconded by Tim Strohbusch. All in favor. Motion carried.

Respectfully submitted,

William Alleva
Secretary
